Subject: Investigation Work Plan Proposal for 009/010 and 001 at ArcelorMittal Indiana Harbor West

Good Afternoon Mr. Barnett,

USCG concurs with ArcelorMittal's conceptual approach and encourages ArcelorMittal to proceed with preparing a draft work plan and Quality Assurance Project Plan (QAPP) for USCG's review and comment. We will maintain communication with ArcelorMittal and EPA regarding Outfalls 001, 009, and 010. USCG is especially concerned about Outfalls 009, and 010. Please keep USCG updated with plans addressing Outfalls 009, and 010.

After a discussion with USCG District 9 Legal, the determination was made that before releasing any documents to ArcelorMittal you will need to make a formal Freedom of Information Act (FOIA) request. Please submit a formal FOIA request in writing to:

United States Coast Guard
D9 Legal Staff
1240 E 9th St
Cleveland, OH 44199-2060

If you have any questions let me know.

Very Respectfully,

MST1 Sean Fitzgerald
